Dear Sir,

I'm writing to inform you that it will be doutfill if I can be in a sucessfull land fill by Oct. 1. I'vemmade considerable progress along these lines. Due to wet and inclumite weather a halt has been called in operatiores. Operation will resume when the weather gets more favorable again.

I fell that two weeks of working days will be sufficant to complete operations. This would take us to Oct. 20. I sinceraly hope you grant this extra needed time. Thank you for your kind consideration.

Thank Again
Jim Lehrer
